PROFESSIONAL SUMMARY

Dynamic and experienced PHP Developer with a proven track record of creating and maintaining robust web applications. Seeking a challenging role to leverage my extensive knowledge of Core PHP, Dynamic WordPress, Custom Plugins Development, Laravel, MVC Structure, React Js(Basic), REST API, and database management to contribute to a forward-thinking company's success. Committed to delivering high-quality code and optimizing application performance while continuously expanding my skill set and staying updated with the latest industry trends.

WORK EXPERIENCE

AMPV Media Pvt. Ltd.

August 2024 - Present

WordPress PHP Developer

Responsibilities:

Developed and customized WordPress themes from scratch to meet unique project requirements. Built and integrated custom plugins to enhance website functionality. Extensive experience with Advanced Custom Fields (ACF), Elementor, and WPBakery for building dynamic and responsive websites. Specialized in tailoring WordPress backends for easy client management with secure website.

Star IT Technology Pvt. Ltd.

January 2021 - July 2024

PHP Developer (3 Years 7 Months)

Responsibilities:

As an experienced PHP Developer with a strong track record, I excel in managing customer queries, adeptly handle static and dynamic website development, maintain daily project reporting, manage social media, and ensure custom software remains up-to-date through live and offline updates. My diverse skill set and commitment to delivering quality results make me a valuable asset for web development projects and software maintenance.

Trade In Town Pvt. Ltd.

October 2019 - March 2020

WEB Developer (6 Months)

Responsibilities:

As a Junior PHP Web Developer, I excel in crafting websites that precisely align with clients' needs and expectations. Through meticulous analysis and skilled PHP development, I create customized, user-friendly, and responsive web solutions that bring clients' visions to life on the digital platform. My passion lies in translating ideas into exceptional web experiences.

CAREER ACHIEVEMENT

With over five years of experience in the IT industry as a PHP Developer, I have developed a strong foundation in modern web development practices. Throughout my career, I have delivered a diverse range of static websites known for their responsiveness, clean design, and user-focused functionality. I have also built numerous CMS-driven websites using WordPress, enhancing my expertise in developing scalable, customizable, and easy-to-manage digital platforms.

My core specialization lies in WordPress development, where I have successfully created robust e-commerce solutions featuring secure payment gateway integration and optimized user experiences. This breadth of experience has enabled me to cultivate a versatile skill set and a deep understanding of end-to-end web development, positioning me as a valuable contributor to innovative and high-impact digital projects.
